

GREAT ACTIVITY AT THE FAIR GROUNDS

People are Busy and Rapidly Putting the Exhibits in Place

ALL INDICATIONS POINT TO A PLEASANT AND INSTRUCTIVE OCCASION AND A RECORD BREAKING ATTENDANCE

A visit to the fair grounds at noon today was encouraging to all who boost our great annual show.

The grounds were bright with decorations and lively with busy people. A lot of exhibits are in place and more rapidly coming in. At the present rate there will be more than there ever has been. There is already twice as much corn as Alachua had, and the agricultural hall is filling up.

It looks like there will be a bigger display of machinery than for years. Half the coops in the poultry department are already full.

There is going to be a big stock show. Many fine cattle and hogs are now in the pens.

The ladies are making their building a bower of beauty. The canning club department is filling up.

The colored folks are busy preparing a fine exhibit.

There will be plenty to eat and amuse the folks. The Ocala ladies already have their restaurant in order. See their menu for tomorrow's dinner elsewhere. The ladies of the Christian church have their lunch stand ready and are serving appetizing things.

The Johnny Jones Shows are putting their paraphernalia in place and will be running this evening. Admission to the fair grounds at night is free.

FLORIDA'S GOVERNOR WILL OPEN THE FAIR

Tomorrow forenoon, as soon as the

parade, which starts at 10 o'clock, reaches the grounds and passes in review before the grandstand, Governor Trammell, in the presence of other great men, and many near great ones, will open the fair. It will be your misfortune if you are not there.

JOHNNY JONES ON THE JOB

ALWAYS POPULAR SHOW, BETTER THAN EVER, WILL OPEN AT THE FAIR GROUNDS THIS EVENING

The Johnny Jones Shows, always welcome in Ocala, where they have given the people dead loads of fun in the past, arrived last night, promptly unloaded and put up their tents. They will be open at the fair grounds this evening, glad to see their old friends and as many new ones as will come.

The Johnny Jones Shows have been in Ocala several times. They are run by an up-to-date crowd of showmen, who keep good order and give the people a good time. They will be here all this week and will prove one of the drawing cards to the fair.

BUS FARE WILL BE 10 CENTS

At the request of the fair management Mr. E. E. Dobbs of the Florida house has agreed to run his big automobile bus to the fair grounds, day and night, for a 10-cent fare each way.

BE ON HAND WHEN THE BELL TAPS

INDUSTRIAL PARADE TO THE FAIR STARTS TOMORROW MORNING PROMPTLY AT TEN O'CLOCK

All those who intend to participate in the parade tomorrow morning will please be at the starting point not later than 9:30 o'clock. The procession will start from R. S. Hall's corner on Fort King avenue. Those who wish can take places in the side streets west of Mr. Hall's not too far west, however.

PARADE WILL START AT TEN PROMPTLY

The line of march will be from Mr. Hall's residence on Fort King avenue, down that street to Main, thence around the north side of the court house square, out Exposition street to the fair grounds and once around the track.

FIRE DEPARTMENT FIRST

The fire department will head the parade, and the floats, autos, etc., making it up will take places in the order of their arrival, first come, first served.

AWAKE TO THEIR INTERESTS

Civic pride and alertness to their own interests should cause as many of our business houses as possibly can to be represented in this great parade.

Let it be particularly understood that there will be no delay in starting, and those who come last will be placed last and if they are too late they will have to get out to the ground in a little procession of their own.

AMERICA DOESN'T APPROVE

But Little Assurance of Safety for People Afloat in Small Boats

Washington, Nov. 22.—While the United States will wait for the Austrian reply to Ambassador Penfield's inquiry concerning the circumstances under which the Italian liner Ancona was sunk before making representations to Vienna, it is stated officially that the placing of American citizens in small boats on the high seas was not regarded as according them "a place of safety" within the meaning of international law.

WILL BE HERE NEXT WEEK

Will D. Upshaw, One of the Most Eloquent Temperance Orators in the South

Will D. Upshaw, of Atlanta, one of the foremost temperance orators of the South will arrive in Ocala next Sunday for a week's series of meetings in the interest of prohibition. The meetings will begin with a mass meeting at the Temple Sunday night, on which occasion services at the churches will be omitted and all members will join in attendance at the mass meeting.

Mr. Upshaw has a national reputation as a speaker for temperance. It is to be hoped that the meetings will be largely attended, not only by prohibitionists, but by their opponents.

It has been alleged with some reason that imported prohibition speakers have been too bitter, often abusing those who disagree with them, and causing the dry side to lose votes by unfair attacks on the wets. Mr. Upshaw has none of this kind of talk in his stock. He has argument and goodwill for all, abuse for none. It is to be hoped that all will hear him, and those whom he does not convince may be certain that they will not be denounced.

GREECE PROBABLY WILL BE GOOD

Big Allied Fleet Insures Her Behavior

ITALIANS AND SERBIANS CLAIM VICTORIES, BUT OTHER ARMIES SEEM IDLE

(Associated Press)

London, Nov. 22.—The rumors last week that the Allies were determined to compel Greece to repudiate all hints that she might interfere with the passage of allied troops across her territory were substantiated yesterday by the inauguration of a pacific blockade. This is expected to bring about a clear declaration of the intentions of Greece. Some Athens dispatches say this has already been attained as a result of Kitchener's conference with King Constantine. They claim satisfactory assurances were given.

The British government hasn't intimated that assurances have been received. Greece is described as fearing the Germans, whose military successes have brought the Balkan theater nearer, while she naturally sympathizes with the Allies. Those dictate opposite courses. Some Greek newspapers regard the blockade as a violation of international law. It has caused a profound impression.

For the time being military operations in Southern Serbia have been virtually suspended. A Hava dispatch says the Serbian minister at Athens confirms the report of a Serbian victory near Loskovatz. The German war office claims the capture of 2,600 Serbians.

EAST AND WEST FRONTS ARE IDLE

The Italian war office claims important successes in the Isonzo district. The French war office reports little of importance on the western front.

BRITISH SUBS IN THE BALTIC

SWARM OF UNDERWATER TERRORS IN THE NARROW SEA

(Associated Press)

Copenhagen, Nov. 22.—The recent naval activity in the Cattegat is ascribed to the passage of a flotilla of British submarines estimated to number from ten to twenty-five. Both British and German destroyers were sighted in the Cattegat. Current reports say that a large British fleet accompanied the submarines to the entrance to the Cattegat. The destroyers went with them to the narrowest part, then the submarines went alone into the Baltic.

Manager Joyner of the Postal Telegraph company has made arrangements to give the service of his company at the fair grounds all of next week, which will include local messenger service. This latter service will no doubt be greatly appreciated by the public as it enables people to communicate with all parts of town at a minimum cost, as there will be no raise in the prices. The wires and other apparatus are being installed at the grounds today.

L's. most efficient conductors passed thru town yesterday on his way to Mount Dora, to attend the funeral of his father-in-law, a good old citizen of that place, who passed away Saturday night.
